PORTABLE SOUND SYSTEMS, MADE RIGHT IN AMERICA 

GREAT FOR MUSIC. THE BEST FOR VOICE.

Established in 1973, Anchor Audio manufactures the highest quality portable sound systems in the USA.

We're an industry innovator and leader in all-in-one, battery-powered PA systems.

We offer a full complement of wireless technologies for every sound application.

Our product line is sold through a trustworthy network of authorized dealers.

We serve 2,000 school districts, all branches of the military and houses of worship.

“Anchor Audio prides itself on being an American manufacturer, but our core focus is listening to our customers”

—Alex Jacobs, CEO

TRUSTED PERFORMANCE

Our reputation has been earned by what our customers say about us. We live up to that reputation every day, with reliable, high-performance gear built in Carlsbad, CA.

PASSION FOR PRODUCT

We listen to feedback from customers to implement changes, solve their challenges and build innovations, like the All-in-One portable PA Anchor Bigfoot and Beacon sound systems.

CUSTOMER SATISFACTION

Because customers are at the center of our company's values, we put them first every day. Support is available through a network of value-added AV-specialists.

“POWERFUL. EASY TO USE. DEPENDABLE.”

THE ANCHOR WAY IS OUR PHILOSOPHY

We believe in giving a 100% commitment to our community of end users and our value-added network. We're dedicated to high-quality, portable sound systems that are easy to use and meet expectations, each and every time.

ANCHOR BLUE IS OUR MISSION

To meet the challenges in today's shifting market needs, we've launched "Anchor Blue" – a suite of modern tools that make it easier than ever to choose and use the right sound system for any setting. Our newly redesigned website, informative videos, dealer incentive programs and new product launches are just the beginning of the Anchor Blue evolution. At Anchor Audio we'll always do things the Anchor Way. Moving forward, our calling card is Anchor Blue.

THE ANCHOR TEAM IS READY TO SERVE YOU!

HERE IS WHAT OUR CUSTOMERS SAY ABOUT US:
POWERFUL. EASY TO USE. DEPENDABLE.

- "It Works Every Time, All The Time"
- Versatility: Flexible, multi-purpose sound solutions that can answer every user need
- Simplicity: Works anywhere with fast setup – turn it on and go!
- Durability: Rugged build quality outlasts competitors, comes with 6-year warranty
- Longevity: Highest battery capacity, longest lasting performance
- Proven: Field-tested by schools, sports teams, military and regular folks too!

— Anchor Milestone

— Anchor Product

SOLVING NEEDS AND OUTPERFORMING COMPETITORS

- 1.9 GHz Digital Frequency
- Frequency Hopping
- 300 ft Wireless Mic Range
- One Time Pair Function

- Cable free connected Network.
- Expandable to Unlimited speakers!
- Multichannel 900 MHz Frequency
- 300 ft connection range

- Crystal Clear Audio
- Flexible
- Covers all common use cases

- Lithium Power
- Reduced Product weight
- 1:1 Charge time ratio
- Improved Shelf Life

PROPRIETARY WIRELESS MICROPHONE TECHNOLOGY

- Works in the less-crowded 1.9 GHz frequency band for interference-free sound projection
- Automatically seeks and selects the strongest, most secure channel via “channel hopping”
- One-time pairing eliminates setup hassles; pair the mic just once and never again
- 300+ feet of line-of-site transmission range, covers even large arenas and stadiums
- Wearable mics (collars, headbands, lapels) connect via small wire to a belt pack transmitter
- Volume and mute controls on the microphone

- The system frequency hops on 60 channels at 1.9GHz, adopting an auto-select secure algorithm based on detected RF noise/interference.

- **Anchor-Link Specifications:**

- Separate frequency range 1.9GHz
- Long range, 300 feet
- High level of security against interception
- Encryption 64-bit

- **Anchor-Link DECT:** Digital enhanced cordless telecommunications radio technology standard designed primarily for voice data applications.

- **Anchor-Link TDMA:** Time division multiple access transmits radio signals to receivers in multiple user applications, leverages assigned carrier spectrum on 5 carrier frequencies and 12 subchannel frequencies with TDMA/TDD frequency hopping on a total of 60 channels US (EU and Japan have assigned variants).

PROPRIETARY WIRELESS MICROPHONE TECHNOLOGY

PROFESSIONAL GRADE:

- Can have up to 30 systems in one room
- Very energy-efficient
- Better quality of audio frequency response 60Hz-12KHz
- Latency 14 ms
- Battery operating time min 10 hrs - up to 20 hrs depending on volume
- Average output 10mW

HOW IT WORKS:

- Operate like miniature radio stations, broadcasting sound to the PA system
- Like radio stations, they broadcast on a specific channel in a specific frequency band
- An initial process called "pairing" connects the wireless mic to the PA system

SELECT PREFERENCE OR COMBINE

WH-LINK (Handheld mic)

- Wireless handheld microphone with built-in transmitter
- Sleek and lightweight design
- 6-8 hours battery life

WB-LINK (Wireless Belt Pack Transmitter)

- Frequency: 1.9 GHz
- To be used to 3.5 mm plug hands-free microphones

HBM-LINK (Headband microphone)

- Wear it around the back of head and over your ears, so the microphone is resting right in front of your mouth

LM-LINK (Lapel microphone)

- Lapel microphone element with a small profile, so it can be easily hidden when wearing dark clothing.

CM-LINK (Collar microphone)

- Collar microphone element that can be easily hidden underneath a collared shirt. It has a flexible design for microphone angle adjustment.

CABLE FREE CONNECTED NETWORK FOR CONNECTING UNLIMITED NUMBER OF SPEAKERS

ONE SPEAKER BROADCASTS TO OTHERS

- Use only one transmitting speaker to feed unlimited receiving speakers with crystal-clear sound
- Anchor AIR transmitting speakers have an "X" in the model name, receiving speakers have an "R"

ANCHOR AIR: VERSATILE CABLE FREE PA SOLUTION

- Wireless portable PA systems that are battery powered and work 11-15 hours on a full charge
- 900 MHz, multi-channel
- 300 foot range
- No more awkward or hazardous cables to string around the listening environment
- Products can be mixed and matched for any size setting and expand with your needs

LITHIUM POWER

- Performance
- Reliability
- Flexibility

BEST-IN-CLASS BATTERY & ENERGY MANAGEMENT

- Long lasting performance that can go the distance for any event – 7 to 9 hours!
- Simplified 1:1 charging ratio – one hour charged = one hour of operation
- New materials and reduced weight – 5-20 lb. lighter than previous models
- Anytime confidence – charge your PA and turn it off for storage; the system stays fully charged!

CONFIGURE YOUR SYSTEM THE ANCHOR WAY

- Here are the factors in play into designing your Anchor system. Here's how to determine what will work for you.

PRODUCT CROWD SIZE CHART

MADE RIGHT IN AMERICA

PORTABLE PA (PUBLIC ADDRESS) SYSTEMS THAT MOVE WITH YOU!

- Specialized portable sound equipment that projects voice or music to an audience in a setting
- Usually has at least one microphone, plus a power amplifier and at least one speaker
- Comes in different sizes, shapes and power ratings for different audience sizes
- Can be easily carried or rolled away for storage when the system is not in use

CONSIDER THE PRODUCT CATEGORIES RIGHT FOR YOU:

ALL-IN-ONE:

- Self Contained
- Fast Setup

FREESTANDING:

- Conventional
- Popular & Flexible

SPECIALTY PA:

- AC Only or AC/DC
- Smaller Coverage areas

Make the right move

ALL-IN-ONE PA SYSTEMS: BIGFOOT & BEACON

- A self-contained portable system where everything except the microphone(s) is in one unit
- Provides a variety of sound projection possibilities with minimal setup process
- Easy setup and break-down; system rolls away on wheels when done
- Available in wireless versions that can transmit to multiple speakers around a venue
- Available as battery-powered models that can play for hours without plugging in

Bigfoot is our most powerful portable PA system, with volume, coverage and clarity that will thrill crowds of 5,000 and more. The 133dB 300-watt RMS, battery-operable Bigfoot rolls in and sets up in moments, with broad, line-array sound dispersion and enough juice to last your entire event without plugging in. Connect up to 4 wireless microphones, or enjoy best-in-class Bluetooth performance from your own devices. Bigfoot can even wirelessly link to other Anchor AIR speakers, for everywhere sound even in the most challenging settings. When you're done, Bigfoot breaks down quickly and easily rolls away. Charge the battery and power down before storage; Bigfoot will automatically keep its full charge, ready for the next event whenever you are. When you need big sound for big venues, Bigfoot is your answer!

BIGFOOT 2

Portable Sound System

TECH SPECS

- 133 dB of clear sound
- 300W AC/DC RMS
- 1.9 GHz wireless microphone frequency
- 300'+ wireless microphone range
- Two universal mic inputs
- 1/4" & 3.5 mm AUX line input
- 1/4" line output
- Built-in rechargeable Lithium Ion batteries
- Five 8" neodymium woofers
- One neodymium compression driver

FEATURES

- Reaches crowds of 5,000+
- Connect up to four wireless mics
- Anchor AIR wireless companion speaker compatible
- Built-in Class 1 Bluetooth
- Onboard mic storage bag
- Heavy duty wheels for easy transport
- Built-in rechargeable batteries operate 6 - 8 hours on a single charge
- Designed to cover a football field or large auditorium

BIG2

Beacon is our most popular and versatile all-in-one system, with an unmatched combination of ease, performance and portability. This lightweight, all-in-one, 123dB, 200-watt RMS powerhouse quickly sets up anywhere, with crystal-clear sound projection that easily fills indoor or outdoor spaces with crowds of 2,500 or more. Battery-operable and loaded with connection options, including best-in-class Bluetooth performance, Beacon models can wirelessly link to additional Anchor AIR speakers, letting you serve both today's PA needs and tomorrow's. Connect up to 4 wireless microphones or your own audio sources through Beacon's flexible connection panel. After you're done, the system quickly folds up and rolls away for easy transport. When you need a compact PA system that can do it all, anywhere, look no further than Beacon!

FREESTANDING PA SOLUTIONS

Self-contained, portable public address systems, available in a variety of sizes & output power. Stand-mounted and hand-held models; clear, powerful sound for audiences of 500-1500+. Battery operable with advanced energy management and staying power, even for longer events. Connectivity for up to 4 wireless microphones for complete, hands-free PA flexibility.

The rugged, durable, and expandable Anchor Liberty emits crystal-clear sound and makes an immense impact at any event. Thrill crowds of 1500+ with enormous 120 dB of sound output from 200-watt RMS amplifier/mixer with vanishingly low distortion. Battery operation lasts for up to 8 hours and is long enough for extended events. Accepts up to 4 wireless microphones, plus Bluetooth and wired audio source. The versatile Anchor Liberty can broadcast sound to additional Anchor AIR components for even greater coverage.

LIBERTY 2

Portable Sound System

The Anchor Audio Go Getter is a compact, expandable PA system that outperforms. The bookshelf-sized free standing system is a small giant that clearly emits 109 dB of sound output from an 80-watt amplifier/mixer and thrills crowds of 500+ with 8 hours of extended battery life. The Anchor Go Getter can accept up to 4 wireless microphones, wired audio sources, Bluetooth, and can broadcast sound to additional Anchor AIR components for even greater coverage.

GO GETTER 2

Portable Sound System

TECH SPECS

- 109 dB of clear sound
- 80W AC/DC RMS
- 1.9 GHz wireless microphone frequency
- 300'+ wireless microphone range
- Two universal mic inputs
- 1/4" & 3.5 mm AUX line input
- 1/4" line output
- Built-in rechargeable Lithium Ion batteries
- One high output horn tweeter
- One 6.5" woven fiber woofer
- External speaker output powers optional Go Getter 2 companion speaker

FEATURES

- Reaches crowds up to 500+
- Connect up to four wireless mics
- Anchor AIR wireless companion speaker compatible
- Built-in Class 1 Bluetooth
- Built-in rechargeable batteries operate
- 11 - 15 hours on a single charge

The MegaVox is a free standing unit with huge power and clarity for crowds of 1000+. The system is designed to prioritize voice frequencies and very popular with school bands, auctioneers, emergency services, police and military gun ranges. This highly portable design comes with a handle for easy transportation and emits a whopping 119 dB of clear sound levels. Battery operation is good for up to 8 hours and even extended events. The MegaVox accepts up to 4 wireless microphones, wired audio sources, Bluetooth and can broadcast sound to additional Anchor AIR components for even greater coverage.

TECH SPECS

- 119 dB of clear sound
- 20W AC/DC RMS
- 1.9 GHz wireless microphone frequency
- 300'+ wireless microphone range
- 1/4" line & mic input
- 1/4" line output
- Built-in rechargeable Lithium Ion battery
- High-efficiency re-entrant horn driver
- External speaker output powers optional
- MegaVox 2 companion speaker

FEATURES

- Reaches crowds up to 1,000+
- Connect up to four wireless mics
- Anchor AIR wireless companion speaker compatible
- Built-in Class 1 Bluetooth
- Built-in rechargeable batteries operate
- 6 - 8 hours on a single charge

DEALER NETWORK:

Anchor Audio supplies its' products and services to a value-added authorized dealer network internationally. Contact Anchor Audio Sales for qualification, program details, terms and conditions

Product specifications subject to change without notice.

©Copyright 2021. All rights reserved Anchor Audio, Inc.

TERMS AND CONDITIONS

1. Prices – Orders are billed at the prices in effect at the time of shipment. Prices and product availability are subject to change. Prices will be as specified by Anchor Audio and will be applicable for the period specified in the Dealer's Price List. If Dealer does not purchase the quantity upon which quantity prices are based, Dealer will pay the non-discounted price for the quantity actually purchased. Prices are exclusive of taxes and other charges, including sales, use, excise, value-added, and similar taxes or charges imposed by any government authority, international shipping charges, forwarding agent's and broker's fees, bank fees, consular fees, and document fees.

2. Payment Terms – Net 30 Credit Card or Net 30 terms are available to qualified accounts. All orders subject to credit approval, Customer terms and credit limit are reviewed periodically. Larger orders may require down payments, deposits, split terms.

3. Return Policy – Anchor Audio will accept product returns within 30 days of purchase and will pay for the return freight under the following three conditions: a. Anchor Audio ships product other than that ordered by the dealer b. Anchor Audio ships product to an address other than specified by the Dealer's purchase order c. Anchor Audio ships product that is defective. (Must be approved by Management.)

4. Restock Policy – Anchor Audio will accept returned products in "new condition" within 30 days of Dealer accepting the shipment under the following conditions: a. The Dealer pays a 15% restocking fee b. The Dealer pays the return freight charge c. The products are received at Anchor Audio's factory within 30 days of shipment and the products are in perfect working condition. Anchor Audio reserves the right to charge the Dealer if the products require repair and/or refurbishing d. Credit for returned orders will be applied to the Dealer's account or credit card, if applicable, if items were in new condition and within 30 days of original shipment

5. Warranty – Anchor Audio products are warranted to be free from defects in materials and workmanship for the period of SIX (6) YEARS from the date of original purchase unless listed below. Warranted for a period of FOUR (4) YEARS: a. Rechargeable Lithium Ion batteries Warranted for a period of TWO (2) YEARS: a. All wired and wireless microphones, belt pack transmitters, base station transmitters, base station receivers, and hands-free microphones b. All woodworking c. CouncilMAN microphones and bases d. PortaCom and ProLink 500 systems in their entirety e. Assistive Listening systems in their entirety f. Accessories, cables, cases, and covers Warranties are subject to the following conditions: a. Product must have been purchased from an authorized Anchor Audio Dealer and have an Anchor Audio serial number b. Anchor Audio must perform or authorize all warranty services or warranty is void c. Warranty is void when equipment is subjected to negligent use, connected to improper power sources, misuse, and/or operation beyond specifications and limits d. Warranty shall not apply to exterior finish, AC power cords, bulbs, or any other failings due to normal wear e. Warranty is void when equipment is subjected to adverse temperature, humidity, moisture, or any condition not considered normal environmental conditions f. Products out of warranty cannot be repaired by Anchor Audio

6. Return Authorization Procedures a. In all cases, Dealers and end users must first obtain approval for any product they are attempting to return to Anchor Audio. Upon approval, a Return Merchandise Authorization (RMA) number will be issued by the Anchor Audio Customer Service Department and must accompany all products returned. b. Products returned must include a RMA number. Product received without an RMA number visibly seen on the box will incur a \$25 processing fee c. Products returned without approval may be returned to the sender d. RMA expires 30 days from date of issue. Any product received after 30 days of the RMA issue date will be returned to sender e. Customer will incur the cost of shipping product to Anchor Audio. Anchor Audio will incur the freight cost to return warranty repaired and/or replacement product to the Dealer or customer within the continental U.S

7. Domestic Shipping a. Loss or Freight Damage – All shipments are thoroughly inspected by Anchor Audio and carefully packed prior to shipment. Anchor Audio will only be responsible for the order up to the time of pick-up by the carrier (usually FedEx). Recipient is strongly urged to inspect the shipment upon arrival and prior to signing for the product. If the shipment is damaged, the recipient should refuse the order. All shipping liability will be the responsibility of the Dealer if Dealer requests that Anchor Audio

uses Dealer shipping account number. b. Drop Shipment – There is no additional charge for drop shipment when the entire order is shipped to one address. Anchor Audio will charge a \$15 handling fee for each additional ship-to address. Anchor Audio accepts no responsibility for refused shipments, inability to deliver shipments, "no such address" returns, receipt by unknown person, or any other receiving discrepancy. If re-shipment is requested as a result of incorrect shipping address, an additional shipping charge may apply. c. Anchor Audio orders are subject to handling charges. d. Free Freight – All orders are FOB Carlsbad, CA. Free freight is offered on orders of \$5,000 (or greater) shipping to one location within the continental U.S. via FedEx Ground. A freight handling and/or fuel charge may be included on the invoice. e. Same Day Shipping – Anchor Audio will ship all orders (excluding custom orders) same day if submitted by 1:30 pm PST. Any orders placed after the cut-off time will be shipped the next business day. Same day shipping applies only to domestic Dealers within the 48 contiguous states. Orders may be delayed if: a. Credit card information is inaccurate or expired. b. Dealer is placed on credit hold. c. The order consists of unusually large quantities d. Pricing is incorrect on order. e. Accessory, microphone, or color options are not specified on the order. f. Changes are made to the order after the cut-off time.

8. International Shipping a. Shared Shipping Program – Anchor Audio will share shipping costs with international Dealers up to 12% of the invoice cost when shipping outside the 48 contiguous US States (excluding HI and AK) when the purchase order totals \$5,000 or greater. Any balance of freight cost that exceeds 12% of the invoice cost will be charged to your invoice. International orders may require an extra 4 - 6 days to process in order to obtain freight quotes for using our shared shipping program. This program applies to all our products except lectern systems. Importer is responsible for any associated cost other than freight. This includes, but not limited to, handling, customs, duties, import tax, or any other import costs.

Performance Standards a. Dealer agrees to advertise Anchor Audio's products at pricing levels that are equal to or greater than the Minimum Advertised Price (MAP) established for each product on the current Price List. b. Dealer agrees to uphold Anchor Audio's brand guidelines in the marketing and representation of the Brand and its Products to ensure consistency and the accurate representation of Anchor Audio's corporate identity. c. Dealer acknowledges that the Company is the owner or licensee of all Anchor Audio patents, copyrights, trademarks, service marks, trade names, trade secrets, designs, and other proprietary right in connection with or applicable to the sale and service of the products, parts, and supplies and agrees it shall never contest such rights. d. Dealer shall at no time engage in any unfair trade practices with respect to the products and shall make no false, misleading, or derogatory representations with regard to the Company or the Products. d. No rights, duties, agreement, or obligation hereunder may be assigned or transferred by operation of law, merger, or otherwise without the prior written consent of Anchor Audio. The obligations, rights, and terms and conditions hereof will be binding on the parties hereto and their respective successors and assigns. e. The waiver or breach of any term, condition, or covenant hereof or default under any provision hereof will not be deemed to constitute a waiver of any other term, condition, or covenant contained herein or of any subsequent breach or default of any kind or nature. f. The Terms and Conditions will be governed by and construed in accordance with the laws of the State of California and the applicable laws of the United States. g. Anchor Audio reserves the right to alter the terms and conditions of sale with or without notice to Dealers.

9. Choice of Venue & Dispute Resolution - In the event of any controversy, dispute or claim arising out of or related to this Application and Subsequent Agreement or breach thereof, Anchor Audio and Dealer agree to meet and confer in good faith to attempt to resolve the controversy, dispute or claim without an adversary proceeding. If the controversy, dispute or claim is not resolved to the mutual satisfaction of both Anchor Audio and Dealer within thirty (30) business days of actual notice of the controversy, dispute or claim, Anchor Audio and Dealer agree to waive their rights; if any, to a jury trial, and agree to submit the controversy, dispute or claim, first to a mutually agreed upon mediator for good faith mediation, and if not resolved within thirty (30) business days after the mediation, then to a retired judge or justice for binding arbitration. Anchor Audio and Dealer agree the only proper venue for the submission of claims shall be the County of San Diego, California, and that the hearing before the referee shall be concluded within nine (9) months from the date of filing and actual service of the complaint. The prevailing Party shall be entitled to reasonable attorney's fees and costs. Any Party who first files any claim, including a complaint, without complying with this section in good faith shall not be entitled to recover its attorney's fees and costs regardless of whether such Party is the "Prevailing Party" in any such action.
