

MONITOR EASY TRACK

Turn your table or built-in into a reading station

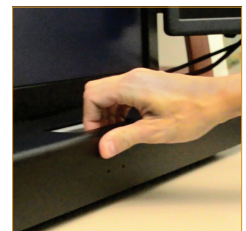

Convert your existing desk or table into a reading station – Monitor Easy Track installs right on top with the help of 4 through-bolts. Note: for optimal depth adjustment, your work surface should be at least 30" deep.

For the ultimate display control, attach the Monitor Easy Track to your existing table, desk, or countertop. Reduce eye strain by sliding monitors forward and backward in unison with fingertip ease. Customize to your unique modality with optional kits to hold up to 6 displays. Fine-tune monitors (vertical, lateral, and side-to-side tilt) to align and angle seamlessly.

Basic unit measures 32" wide and comes with one monitor knuckle. Add kits to fit your modality.

Slide the entire bank of monitors in unison to the focal depth you need.
