Pro290™ Cable and Wire Locator

Pro290™ Features

- Tracks Underground Wires Including CATV, Telephony, etc.
- Ground Condition LED
- Range to 1,000 feet
- Depth to 4 feet
- Receiver Volume Control
- Standard 33 kHz Tracking Signal
- Ground Stake Included
- Transmitter Automatic Off Switch
- Uses 8 'C' Batteries and one 9 volt (not included)

PRODUCT DESCRIPTION

The unique Pro290™ Cable and Wire Locator is a great tool for contractors tracing underground cables like CATV and telephone drop wires. The Pro290™ consists of a transmitter and receiver and uses a limited power output to match sensitive electrical equipment. The Pro290™ uses an easy to track 33 kHz frequency and sets up in less than a minute. Simply connect the Pro290™ to the wire to be tracked, the ground stake in the dirt, get a good ground indication, and track the beeps with the handheld receiver. Finding breaks in wires is simple too. When tracking a wire path, the signal will end when the path ends. This could be the end of the cable or wire, but additionally, can indicate when a wire has been cut.

SPECIFICATIONS

Power Requirements: Transmitter – (8) 'C' batteries; Receiver – (1) 9V battery
Battery Life: Transmitter 200 hours; Receiver 25 hours
Transmitter Frequency: 33 kHz
Transmitter Power: 100 mw @ 1K Ohms
Weight: 4 pounds with case
Warranty: 12 Months
Box Contents: Transmitter, Receiver, Ground Stake and Antenna
Range: Up to 1,000 feet
Depth: Up to 4 feet deep

ORDERING INFORMATION

CAT NO.	DESCRIPTION	QUANTITY
Pro290™	Pro290™ Cable and Wire Locator	1
Pro290R™	Pro290™ Receiver	1
Pro290T™	Pro290™ Transmitter/Carrycase	1
Pro290ST™	Pro290™ Ground Stake	1
