

# PVS-14/6015 SD

## Multi-Purpose Night Vision Monocular

The AN/PVS-14 multi-purpose night vision monocular was commissioned by the United States Military in the late '90s. Today there are more AN/PVS-14 units currently deployed in NATO Armies than any other night vision device. The AN/PVS-14 was the first real multi-use monocular, allowing it to fulfill a huge variety of Military needs. It is also one of the most popular night vision units for law enforcement professionals.

The Armasight PVS-14/6015 uses the same framework, and its battle-proven design is light-weight and tough with superb optics. The PVS-14/6015 is compatible with a host of accessories, allowing it to be hand-held, head/helmet-mounted, and weapon or camera-mounted. Designed for the most demanding nighttime Military or law enforcement operations, it is one of the best systems available.

- Ⓐ **Compact, rugged design**
- Ⓐ **Waterproof**
- Ⓐ **Head or helmet mountable for hands-free usage**
- Ⓐ **Automatic brightness control**
- Ⓐ **Ergonomic, simple, easy to operate controls**
- Ⓐ **Built-in Infrared illuminator and flood lens**
- Ⓐ **Limited two-year warranty**

### STANDARD ACCESSORIES:

**Head Mount Assembly** – Allows for hands free operation. Accommodates user's head size and eye positioning.

**Eye Cup** – Prevents the emission of stray light or facial reflections.

**Helmet/Head Mount Adapter** – Allows the user to position the monocular in front of either eye.

**System Soft Carrying Case** – Provides convenient storage of PVS-14 and accessories.

**Day Light Filter** – Filters excessive light. Protects objective lens from the elements.

**Shoulder Strap** – Attaches to the PVS-14 carrying case for easy portability.

**Lens Paper** – Used to lightly clean the objective and eyepiece glass surfaces.

**Operator's Manual** – Instructional users guide.

**Battery** – AA.
