

# Modular display mounts for trading desks

# MODULAR

Display mounting solutions that adapt to your business needs.

The system's modular nature allows for infinite configurations and combinations of parts to support various screen sizes, attachment surfaces, and technology. Premium materials, ergonomic design and sophisticated features will compliment your trading desks and protect your investment.

CUSTOM SOLUTIONS

### Multiple desk attachment options

# VERSATILE

Flexibility of movement, display orientation and choice of devices.

ANY DISPLAY CONFIGURATION

Create › Adapt › Upgrade

## UPGRADEABLE

Future-proof your investment

The extendable post allows for cost-effective upgrades from a single row to multi-level configurations, utilising existing parts and streamlining the look and feel of the trading floor.

### EASY UPGRADES, CONSISTENT LOOK AND FEEL

Create > Adapt > Upgrade

IEX Trading, New York

### CURVED OR FLAT-SCREEN DISPLAYS

#### Important to know

Curved displays, deep devices (such as all-in-one PCs) and offset VESA locations exert additional leverage on the mount. Atdec modular mounts offer a range of options to accommodate evolving technology and support complex configurations.

# FEATURES

Commonwealth Bank of Australia, Sydney

## Built-in rotation limiters

180° rotation stopper to prevent interference with walls or desk partitions.

## Arm movement

Arms' joints can be tightened to minimize movement caused by vibrations or desk height adjustment.

## Tool-free

viewing angle & display orientation adjustment.

## Display quick-release

mechanism for easy monitor replacement.

## Post stability

Extra-sturdy internal mechanism to prevent post movement in multi-screen solutions.

## Sophisticated cable management

Ensures a neat and professional look. Installation time is further reduced thanks to the guided indicators on three sides of the 4-channel post.

## Dynamic height movement

for tool-free vertical movement & fast re-positioning

## Extendable post

allows for cost-effective upgrades from a single row to multi-level configurations
