Macro Vue Eidos

Video Inspection System w/ Gliding Boom Stand

Aven's Macro Vue Eidos is a stand-alone high magnification inspection system. Reduce neck fatigue and eye strain while increasing productivity.

Aven Eidos – 5M camera with 11.6" Integrated Monitor with can be used with any trinocular microscope or video lens with a C/CS mount. View High Res 1080p HD images on the 11.6" LCD monitor. Capture high resolution image/video files and perform on-screen measurements without a PC. An HDMI port is available for connecting the Eidos to an external monitor.

Features:

- All-in-one, compact system
- High magnification range (7x-40x)
- Heavy duty metal base for excellent stability and smooth motion
- 1080p Full HD Imaging at 60 FPS
- HDMI Output for additional monitor viewing
- Built-in measurement software - No PC required
- Enhances productivity - eliminates eye strain and body fatigue
- 11.6" built-in HD monitor
- Save high resolution image/video files directly to USB Storage card
- 1080p Full HD Output
- Monitor can be tilted to the optimal viewing angle
