#### ESD TEST REPORT

Model No.	SPZV-50E
Description	Stereo Zoom Microscope Body 6.7x-50x
Serial Number	101180416
Test	Surface Resistance
Instrument used	ACL Staticide Resistivity Meter Model 395

#### Test Data

Points Measured	Resistance Value (Ohm)
A to A'	$3 \times 10^5$
B to B'	$10^7$
C to C'	$3 \times 10^5$
D to D'	$10^6$
E to E'	$10^7$
F to F'	$10^7$
G to G'	$10^7$
H to H'	$3 \times 10^6$
I to I'	$10^7$

We have conducted surface resistance test and all the resistance values measured are the range between  $1 \times 10^5$  ohm and  $1 \times 10^{11}$  ohm which is considered as “Static Dissipative”, and as the result, our SPZ-50E microscope body is regarded as ESD safe.
