

A photograph of a smiling female teacher with long brown hair, wearing a pink top and a blue lanyard, leaning over a desk to assist three young girls in a classroom. The girls are wearing white school uniforms and are focused on drawing with markers on a piece of paper. The background shows a typical classroom setting with colorful storage bins and educational posters on the wall.

Create the Modern Classroom with AVer Solutions

Simple Tools to Ignite Learning

AVer is an award-winning education technology company specializing in interactive flat panels, charging solutions, and document cameras. We have over 18 years of experience providing easy-to-use solutions to help students learn better.

AVer products have made a huge difference in my teaching in the classroom. I can set up the document camera anywhere in the classroom, and my students love that they can interact with the interactive flat panel to show their work.

18 years of happy customers

Another reason for us purchasing AVer's interactive flat panel was the warranty program offered. Having a 5-year replacement warranty is a piece of mind that we value.

John Diehl, Director of Instructional Technology, Bedford Area School District

"Aver is making a significant difference in the lives of our students and staff, we are grateful for the support!"
