AVer for Education: **Bring on the Future**

AVer's deep-rooted commitment to education technology has resulted in providing thousands of classrooms innovative and award-winning technology solutions to K-12 schools. Our dedication to learning for the past two decades is an expression of how proud we are to be working alongside educators and students. It is our belief that technology has the power to influence higher learning and inspire new ideas or ways of thinking. The potential of tomorrow's leaders and visionaries depends on today's technology and it is our mission to increase that potential.

New way of visualizing

teacher's needs

Latest technology
with **interactive**
software

Flexible and
diverse designs

Dedicated customer
support & training

*The AVer document camera has been
the best teaching tool I have ever used.*

– Anonymous Teacher, Broadneck Elementary School

AVerVision **F50HD**

Smooth. Stunning. Quality.

See the HD image quality you were meant to see. The F50HD is primed to show crisp text and vibrant images. Even the smallest of details have amazing clarity with a 5MP, 1080p, 8x Optical and 25x Digital Zoom camera. It connects you directly with what's on the screen and changes the way you interact with your class.

Part Number: VISIF50HD

AVerVision **F17HD**

Captivating. Spectacular. Value.

The most memorable lessons are taught with stories that stimulate the imagination. Leverage the F17HD's **large shooting area of almost 20" x 15", 32X zoom, and 30fps at 1080p** to help your teaching visually come alive. The little gems of information that you share can lead to life changing events.

Part Number: VISIF17HD

AVerVision **M70HD**

Experiential. Remarkable. Engaging.

Optimized for performance, the M70HD's robust mechanical arm can provide the most precise angle to give you the best image quality. Add 5MP, 12x Optical/16x Digital Zoom, 30 fps live video, onboard annotations, and HDMI output and you've got a device that can zero in on all the microscopic details. M70HD clearly shows you where you are on the screen and provides a means for more class participation.

Part Number: VISIONM70

AVerVision **300AFHD**

Incredible. Sharp. Interactive.

Bring lesson plans to life with our most distinguished mechanical arm document camera. The 5MP, 30fps live video at 1080p resolution, and 16x digital zoom camera makes you feel like you're interacting with the screen even if you're on the other end of the room. Combine it with direct HDMI output to get the most crisp, consistent motion.

Part Number: VIS3AFHDM

AVerVision **U70** Simple. Powerful. Crisp.

Get a feature-rich USB device at a great price! U70's 8MP camera and seamless 30 fps at 1080p resolution combines the greatest HD graphics performance with simplicity. The new design produces an extraordinary, **4K quality visual experience** while still maintaining its simplicity.

Part Number: VISIONU70

AVerVision **U50** Effortless. Effective. Essential.

Bypass any confusion with this perfect starter document camera. A 5MP USB powered document camera displays smooth 30fps video in HD while providing the basic essentials. The U50 is a clean design that adds clear images to your interactive lessons.

Part Number: VISIONU50

AVerVision **F70W** Mobile. Wireless. Versatile.

F70W redefines the meaning of a versatile document camera. The 1080p HD document camera's wired or wireless options transform the traditional front-of-the-classroom teaching style with its compatibility to both 2.4GHz and 5GHz Wi-Fi bands and 8-hour onboard battery. Its portability and mobility features make the F70W an ingenious tool for teacher and student collaboration.

Part Number: VSIONF70W

AVerVision **PL50** Premium. Brilliant. Extraordinary.

Create a learning environment that students may not be able to experience otherwise. With a solidly built structure, the PL50's 5MP camera, 30fps live video at 1080p and 240x total zoom paired with dual LED light sources and integrated lightbox projects spectacular image quality you can feel. Make a strong impact that students can carry into their future careers.

Part Number: VSIONPL50

★ **NEW!** AVer Classroom Camera

CC30 HD Camera

Collaboration. On Demand.

See what others are doing beyond the four classroom walls and share! Go on virtual field trips and learn activities with schools and guests lecturers across the world with the CC30's video capture, conference, and livestream features. The ePTZ classroom camera can capture just about everything in a room with its **120° wide angle view** and enhancing software.

The Power to Cutting-Edge Education

Our goal is to provide a smart charging solution that can support any device in any classroom. You'll find that the AVer charging solution family varies in designs and features to accomplish that ambition. The objective is to empower 1 to 1 and blended learning environments by providing solutions that safely secures and charge classroom devices.

Why AVer? Charging Solutions

- **Intelligent** charging technology
- **Versatile and Durable designs**
- **Unrivalled warranty** program
- **Dedicated customer support** and **product training**

AVerCharge **S40i**

40 Device Smart Charging Cart

Brains and Brawn

S40i is AVer's most intelligent and efficient charge cart solution, combining rugged design with an ingenious self-monitoring charging system to ensure even, safe charging across all devices. With two sliding shelves and three-point steel locking mechanisms, S40i is perfect for charging all your Chromebooks, Laptops, iPads, Android, and Windows tablets.

Part Number: CHRGES40I

Saves **power, time, & money**

AVerCharge **C36i**

36 Device Intelligent Charging Cart

Flexible. Adjustable. Innovative.

New to the AVer charging solution family, C36i is the first of AVer's charging product line to provide adjustable slot dividers supporting just about any device size or quantity (up to 36 devices). Create the capacity option that works best for your Chromebooks, laptops, or tablets! C36i's **revolutionary and steadfast snap-in cable design combined with intelligent charging**, slide-out shelves, three point locking mechanism, and dedicated auxiliary outlets provide a seamless device management experience for users.

Part Number: CHRGE36I

AVerCharge **C30i**

30 Device Intelligent Charging Cart

Compact. Sleek. Intelligent.

C30i is a small footprint charging cart packed with features to safely secure and efficiently charge devices. The award-winning solution intelligently charges 30 laptops, Chromebooks, or tablets with its spacious slot width design. All combined, C30i's compact design, spacious storage capacity, slide-out shelves, cable management, and intelligent charging features make it an effective device management tool for any classroom.

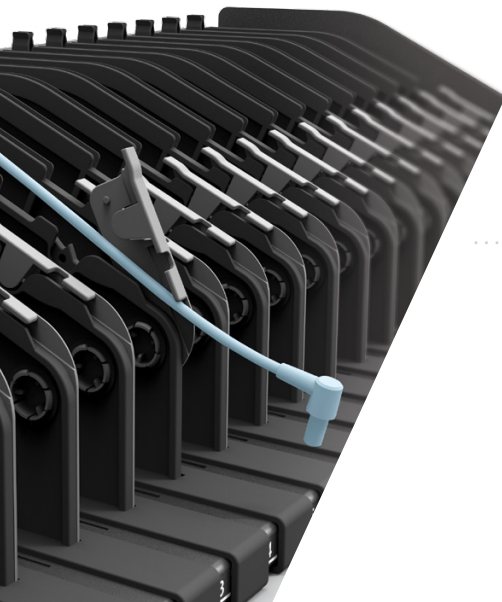

Part Number: CHRGE30I

AVer's **Award-winning** solution

NEW cable management system!

One cart **fits all!**

AVerCharge **C30u**

30 Tablet Charge and Sync Cart

Sync. Charge. Repeat.

C30u caters to the evolution of classroom technology and takes the work out of device management by charging and syncing 30 tablets all at once. Experience effortless cabling and simple device management with C30u's slide-out shelves and USB hubs located in the front of the cart. In addition to the simple setup, C30u's compact, yet spacious design provides additional space for optional storing needs.

Part Number: CHRGE30U

Less Bulk, More Purpose

AVerCharge **L12i**

Intelligent Desktop Charging Cabinet

Small. Stackable. Smart.

Link and charge multiple charging lockers using L12i's innovative Daisy-Chaining technology without any programming required! The stackable L12i charging cabinet features intelligent charging technology allowing two charging lockers to be connected and charged through a single outlet without any circuit overload. L12i's spacious slot dimensions supports devices up to 15" screen making it great for classrooms with mixed media such as Chromebooks, laptops, or tablets.
