C20i's new cable management technology and intelligent charging creates more time for teaching and less anxiety over managing devices. It's customizable, compact, and ready to charge!

Built for 20 devices

Charge up to 20 Chromebooks, laptops, or tablets up to a 16" screen. C20i can power just about any device.

Smooth and seamless charging

C20i's intelligent charging determines the best charge without any programming required. Devices are efficiently charged and protected from any circuit overload.

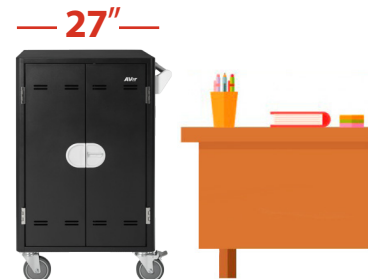

Cleverly designed dividers

Customizable dividers make placing and pulling devices easy, comfortable, and safe. C20i allows flexible storage for classrooms managing large or mixed devices.

Perfectly compact

C20i's small footprint provides easy storage for any classroom size. At only 27" wide, the C20i footprint leaves more learning space while managing your 1-to-1 devices.

Headache-free cabling system

Experience simple device management with less slip-n-slide using C20i's new and cutting-edge cable technology to secure cords from slipping out of place.
