TOUCHSCREEN TROLLEY FOR 84" MICROSOFT® SURFACE HUB™

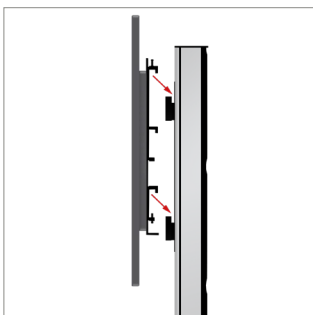

The BT8508 is a mobile solution designed to mount Microsoft's 84" Surface Hub and other extra-large interactive displays over 72". Capable of supporting heavy duty loads, the trolley has a welcome rigidity which means mounted touchscreens do not move or flex whilst in use. Levelling screws allow easy height adjustment of the screen once mounted and integrated cable management keeps finished installations neat and tidy. Non-marking 4" braked castors allow the trolley to be re-located easily and safely without marking or scuffing floor surfaces.

SPECIFICATION

Recommended screen size	72" up to 120"
Recommended surface hub size	84"
Max load	200kg
VESA and non-VESA fixings	up to 1400 x 800
Colour (mounting rail)	Silver
Colour (vertical columns)	Silver or Black
Colour (base)	Black

FEATURES

- Designed to mount Microsoft's 84" Microsoft Surface Hub display
- The universal design is ideal for other standard or interactive screens over 72" (such as Sahara Clevertouch®)
- High-end aesthetic quality
- Integrated cable management
- Interface arms include levelling screws to adjust the height of the screen
- Includes non-marking 4" locking/braked castors
- Collar compatible accessories such as shelves can be fitted directly to the extrusion
- Safety screws help prevent unauthorised removal of screens
- Simple 'hook-on' installation
- All mounting hardware included

Simple 'hook-on' installation

Interface arms include levelling screws to adjust the height of the screen

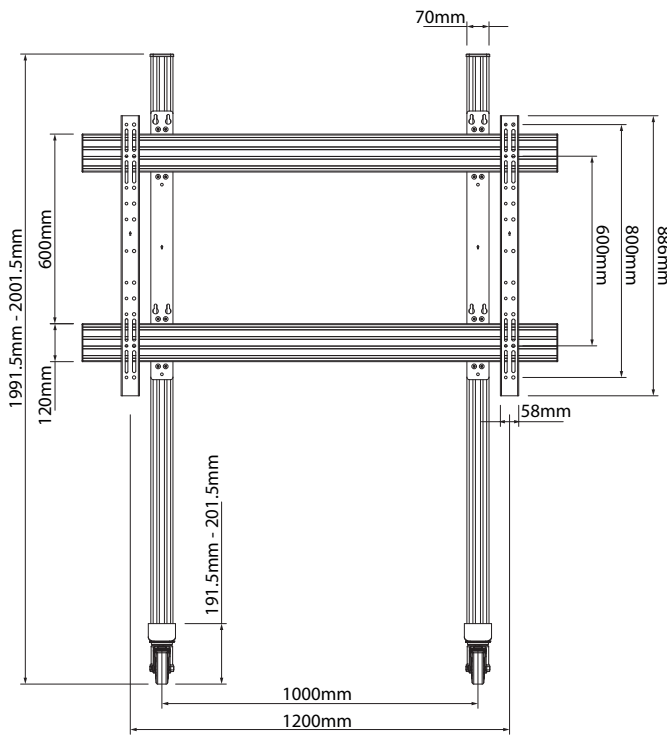

Includes non-marking 4" locking/braked castors

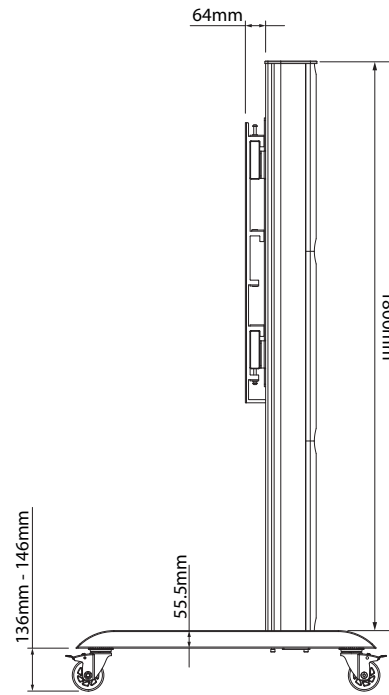

Collar compatible accessories such as shelves can be fitted directly to the columns
