BRAIN INJURIES

TREATED AT CARRICK BRAIN CENTERS A BSI COMPANY

Carrick offers computerized neuro testing for athletes to provide an individual baseline measurement, for use in determining treatment progress if the athlete is subsequently injured later in the season.

BRAIN FACTS

Traumatic Brain Injuries, or TBIs, are very serious. Unfortunately, they occur more often than many people realize. TBI's range from mild to severe, but all are dangerous and can cause medical problems for years.

During the last decade, ED visits for sport/recreation TBIs, among children and adolescents increased by 60%

15%
