The BenQ HT2050 brings the true movie theater experience to your home. With stunning full HD 1080p resolution, perfectly balanced color, sharp, crystal-clear image with crisp shadow details, thanks to an all-new premium glass optical system the HT2050 delivers the finest image quality in its class.

Larger than Life Movies, Sports and Video Games

The elegantly designed BenQ HT2050 home theater projector is ideal for watching movies, TV shows, sports and playing video games on larger-than life screens.

Advanced Features

Packed with a rich feature-set, the HT2050 includes vertical lens shift, 10-Watt CinemaMaster audio, whisper quiet fan, wireless HDMI option so you can enjoy movies anywhere in the house with no expensive cables to buy and no unsightly wires to hide, and much more.

Key Features

- Native Full HD 1080p resolution for the best possible home theater experience
- 2200 Lumens bright image with 15,000:1 contrast for incredible image detail
- All-glass, cinema grade lens with low dispersion coatings for sharper, crisper video with no chromatic aberration
- Lens shift for maximum installation flexibility
- Whisper quiet operation, allows viewers to hear the movie, not the projector

Additional Features

- 2 HDMI ports for today's digital sources
- Shorter throw projection lens delivers a larger image from a shorter distance
- 3D Color Control to independently fine-tune the gain, saturation and hue of six primary colors
- ISFccc calibration for Day/Night viewing modes
- 10-Watt CinemaMaster speakers powered by MaxxAudio technology with 4 presets and equalizer
- USB power to support accessories such as Chromecast, Fire TV Stick and Roku streaming stick
- Optional Wireless HDMI FHD 1080p kit, delivers 60Hz uncompressed video with less than 1ms latency and full stereo sound. Makes it easy to enjoy movies and video games with no expensive cables to buy or unsightly wires to hide.
