

Water Bath Cleaner works best when added by itself directly to water, therefore, it must not be mixed with soap or other cleaners or pre-mixed with other water treating chemicals.

DIRECTIONS FOR USE

Water Bath Cleaner controls inanimate organic particulates. Apply treatment at a dose of 20 drops of Water Bath Cleaner per 1 gallon (3.8L) of distilled water. One 8 oz. (0.24L) bottle treats approximately 200 gallons (757L). Repeat application every two weeks, according to the size of the bath. Apply more often if bath is used at elevated temperatures.

MAINTENANCE: Apply maintenance dose at a rate of 20 drops of Water Bath Cleaner per 1 gallon (3.8L) of distilled water. One 8oz. (0.24L) bottle treats approximately 200 gallons (757L). Repeat application every two weeks, according to the size of the bath. Apply more often if bath is used at elevated temperatures.

STORAGE AND DISPOSAL:

Keep container closed when not in use. Leaking or damaged containers must be placed in a plastic bag and discarded in the trash. Mop up spills with clear water. Do not reuse this container. Triple Rinse and dispose of in trash.

INGREDIENTS:

CAS no: 31512-74-0

Chemical: Poly[oxyethylene(dimethyliminio)ethylene(dimethyliminio)ethylene dichloride]

CAS no: 7732-18-5

Chemical: Water Wt: >85%

Net Contents: 8 fl. oz. (236.5 ml)

FIRST AID

IF IN EYES: Flush immediately with copious amounts of tap water or normal saline (minimum of 15 minutes). Take exposed individual to a health care professional, preferably an ophthalmologist for further evaluation.

IF SWALLOWED: Do not induce vomiting. Rinse with copious amounts of water or milk. Irrigate the esophagus and dilute stomach contents by slowly giving one (1) or two (2) glasses of water or milk. Avoid giving alcohol or alcohol related products.

IF INHALED: Immediately move person to fresh air. If individual experiences nausea, headache, dizziness, had difficulty breathing or is cyanotic, seek a health care professional immediately.

IF ON SKIN OR CLOTHING: Wash exposed area with plenty of water. Repeat washing. Remove contaminated clothing and wash thoroughly before reuse. If irritation persists, consult a health care professional.

Neither Water Bath Cleaner nor the seller makes a warranty, guarantee, or representation, expressed or implied, concerning this material except that it conforms to the chemical description on the label. Neither shall be held responsible in any manner for any personal injury or property damage or other type of loss resulting from handling, storage, or use of this material not in strict accordance with directions given herewith.
