STATIC SOLUTIONS WITH SAVINGS

HIGH FREQUENCY IONIZING GUN

Features: The B486710AG ionizing gun is the perfect solution for those who need pin point ionization of static sensitive parts. While eliminating static charge, it also removes any charged particles or debris that can collect on components. The hand held design also provides the freedom of use for operators.

Blow-Off Gun

B486710AG Blow-Off Gun

Features: The B48614SF ionizing Snake is the perfect solution for those who need pin point ionization of static sensitive components. While eliminating static charge, it also removes any charged particles or debris that can collect on components. The adjustable neck provides the freedom of use for operators as well as precision ionization.

Ionizing Snake

B48614SF Ionizing Snake

Features: The Botron piezoelectric ionization air nozzle is designed to eliminate static charge and other harmful contaminates. As with our other ionizers the B48NOP-S features an abnormal HV alarm and ionization indicator. It's uniquely compact design make this unit very versatile in tight areas that require ionization.

Ion Air Nozzles

B48NOP-S Ion Air Nozzle w/ NOP-60S tip

B48NOP-P Nozzle Tip **B48NOP-T** Nozzle Tip

B48NOP-D Nozzle Tip **B48NOP-B** Nozzle Tip

B48NOP-60S Nozzle Tip (shown on Ion Air Nozzle)

Features: Botron's Neutralizing Static Bars are fixed, designed to eliminate static charging. Used in electronics, printing and other industries. Power supply sold separately.

- Cut to fit size
- Used with B487000 HV power supply
- · Operating voltage 110 or 220V

Static Bar

B488000 Static Bar

High Voltage Power Supply

B487000 HV Power Supply

- Modern Ergonomic Design
- Built-In Piezelectric Transformer
- Fast Descay Time
- Tungsten Alloy Ion Pins
- No High Voltage Cords

HIGH FREQUENCY AIR SNAKE

- · Auto ion balance
- · Abnormal HV alarm
- · Adjustable neck
- LED indicators
- · Built in HV power supply
- · Alloy discharge needle
