

A Better Way to Clean Up

Brady SPC HandySorb™ Mop System

Make way for a whole new solution to industrial spills. The Brady SPC HandySorb Mop System delivers all the absorbency you've come to know with the added maneuverability to get into hard-to-reach places. Unlike any other system, this clean-up pro eliminates kneeling and gets the job done in three simple steps — snap on, absorb and release. Find the options that work best for your workplace, including "No-Touch" Pads and Pillows that keep your hands out of the mess. Welcome to your new spill clean solution to complete your workplace sorbent toolkit.

▶ Watch the HandySorb Mop System take on your spills:

- Handle extends up to six feet for areas you can't reach
- Super absorbent pads soak up to 0.5 gallons, pillows up to 1.5 gallons
- Patented quick-release operation makes disposal of used pads simple
- Universal pad and pillow options work on a variety of spills
