 Fax: (732)-222-7088 | E-mail: [sales@touchboards.com](mailto:sales@touchboards.com)

## FEATURES

- Designed for 36 Chromebooks and versatile enough to support most tablets, laptops/hybrids and Ultrabooks.
- Three rows of 12 vertical polypropylene shelf dividers store and protect devices from scratching.
- Digital timer distributes rotating power to groups of electrical strips every three minutes, allowing for efficient charging on one 15 Amp wall circuit.
- Hooks located in the front and storage bins in the rear for ease of cable management and organization of cords.
- Hinged doors located on both front and rear of cart for easy access to devices and charging components.
- Torque resistant lock acts as a handle when supplied combination padlock is removed. When padlock is inserted the cam is disabled which disengages lever and deters access to devices.
- Timer enclosure on side panel includes an on/off switch and doubles as a cord winder to keep the power cord out of the way when not in use.
- Easy rolling five inch casters with two swivel locking and two stationary.
- Ships fully assembled and ready for use.
- Constructed using an average 30% post-consumer recycled steel content and finished in environmentally friendly powder paint. Steel components are 100% recyclable at the end of the product life cycle. The Core™ 36M has achieved GREENGUARD GOLD Certification and is UL 60950-1 Certified for Safety of Technology Equipment.
- Tested by UL to the IEC 60950-1 product safety standard for Information Technology Equipment.

**Electrical** 1 year

### SHIPPING WEIGHT, DIMENSIONS & UPC CODES

**Shipping Weight** 175 lbs.

**Shipping Dimensions (W X D X H)** 30" x 31" x 48"

**Freight Class** 125 Ships assembled in one (1) carton

**CORE36M-CTTZ UPC Code** 0 96633 37684 1

## DETAILS

Torque resistant lock acts as a handle when supplied combination padlock is removed. When padlock is inserted the cam is disabled which disengages lever and deters access to devices.

The rear of the cart offers easy access to the power adapter storage bins as well as the electrical connections.

Polypropylene dividers store devices vertically and offer optimal spacing for device compatibility.

Front of the cart offers notched cable management hooks to position cords neatly above devices. Uses device manufacturer supplied AC power cord.
