

POWER EVERYWHERE. THAT'S OUR CHARGE.

# Link<sup>®</sup> Cart

Equipped with Ethernet cables and two fans, as well as dedicated space for a user-supplied 19-in. rack-mounted network switch, this cart allows IT administrators to push updates to all devices simultaneously.

## Network-Ready

### Equipped to Connect for IT Updates

Designed to house a user-supplied network switch and pre-wired with Ethernet cables, the Link Cart can connect to a network to perform simultaneous updates.

## Intelligent Power Manager

### On-Demand Charging Needs

System continuously analyzes power requirements and concentrates on devices that need power the most.

## Temperature Regulator

### Advanced Sensor Removes Heat

Cooling fans automatically turn on and off as needed to expel heat from inside the charging cart, helping to extend device battery life.

### Cable Management

Notched hooks make it easy to organize cables and position cords neatly above devices.

### Brand Your Product

Choose from our standard palette of 16 colors, or customize further by adding your logo to brand your school or business.

### Ready to Use

Built to last, each unit is fully-welded and produced with USA-sourced steel. Ships fully assembled and ready to use.

### Unmatched Safety

Our Link Cart is UL listed, ensuring the highest level of safety.
