Shipping

Ships fully assembled, ready to install devices.

Certifications

Smart Design

Perforated exterior to help keep devices cool, side panel includes a cord winder to keep the power cord neat and out of the way.

Locking Casters

Easy-rolling 5" all swivel, two-locking casters for tight spaces, that when in fixed position, provide added directional control.

Power Manager

Sophisticated power manager continuously analyzes power requirements and efficiently charges devices in a round robin cycle-all from one 15 Amp electrical circuit.

Safe

Designed with safety in mind to ensure safe operation, with the entire cart listed to UL 60950-1.

Safe

Polypropylene shelf dividers store devices vertically and protect devices from scratching.

Full-access doors

Optional full-access double doors or back panel in the back of the cart, and removable plats with VELCRO straps help make cable management a breeze.

Easy IT Administration

Full-access, double doors in the front of the cart for the user, and the choice between double full-access rear-doors or removable back panel in the rear of the cart for the IT Administrator.

All-Steel Construction

Cart is constructed from prime steel, which contains 25 to 35 percent postconsumer recycled content and is finished with powder coated paint.

Cable Management

A cable management channel in the front of the cart guides cables to each device

Standard Color

Duotone finished in Concrete/Aluminum.
