

PAL Cart

The Presenter's Assistant for Learning securely stores and easily transports all your electronic components for the classroom, providing simple access for any instructor.

Small Footprint

The footprint of PAL is small, allowing it to be easily transported from one location to another and fit between tables and desks.

Data Plate

Dual plate cut-out allows for the installation of an optional data pass through plate

Cord Minder

Built in cord minder helps keep the cord out of the way

Certification

Options

Add on an accessory data pass through plate. Data plate includes HD15/VGA, 3.5 mm audio and RCA jacks.

Eliminate Clutter

Total support for classroom electronics, supporting a projector, document camera, DVD player, audio system, and more.

Cool

Lower cabinet is perforated to dissipate heat and help protect electronics from overheating.

Lock

All doors lock to deter theft.

Added Security

The small footprint of the PAL Cart, allows for easy transportation from one location to the next.

Options

TCP23FF includes a surge and overload protected 12-outlet electrical assembly with on/off switch and 20' long grounded power cord.

Safe

Designed with safety in mind, the PAL Cart has achieved GREENGUARD Gold Certification.

Speaker Shelf

Space is available for a small speaker system on the middle shelf inside the cabinet, behind the pull out data projector shelf. Can accommodate speakers up to 20" x 5" x 6".

Shelving

Each cart includes two pull-out shelves, one in front for a data projector and one in the rear for a laptop computer or other mobile devices.

All-Steel Construction

Cart is constructed from prime steel, which contains 25 to 35 percent post-consumer recycled content and is finished with powder coated paint.
