

TechGuard™ Charging Lockers

Phone. Tablet. Laptop. TechGuard Charging Locker provides locking storage and charging for up to three devices. Ideal for business, educational, or healthcare settings.

Personal Codes

Users secure their devices, set a personalized code and walk away.

Clear-view

Clear-view windows and interior lighting enable monitoring of lockers in shared environments.

Accommodating Space

Each bay offers an AC charging outlet and two USB charging ports, capable of providing up to 2.4 A each.

Shipping

Ships fully assembled, ready to install devices.

Certifications

Convenience

Each bay provides sufficient storage, securing, and charging for a laptop, tablet, and phone all at the same time.

Jumpstarter

Optional Jumpstarter Accessory Kit allows individual bays to be opened with the access and reset key-cards in the event of a power outage.

Intuitive Keypad

The keypad lock is powered by the internal system and so does not require batteries.

Override Access

Access key-card opens the locker for inspection, but keeps the current code. Reset key-card opens the locker and resets the current code.

Secure

Devices are secured behind steel construction, a security-grade window and four-digit passcode.

Secure Storage

TechGuard Locker doubles as a secure place get a charge, as well as store keys, wallets, and other essentials.

Intuitive

Green LEDs indicate which bays are available. Red LEDs indicate which bays are locked.

Safe

Designed with safety in mind to ensure safe operation, with the entire cart listed to UL 60950-1.

Options

Three models offer a variety of options, from the 1-bay that is mountable under work surfaces to the 10-bay that supports large BYOD initiatives.

Full-Rate Charging

Each bay provides sufficient storage, securing, and charging a laptop, tablet, and phone all at the same time. Each bay offers an AC charging outlet and two USB charging ports, capable of providing up to 2.4 A each.

All-Steel Construction

Cart is constructed from prime steel, which contains 25 to 35 percent post-consumer recycled content and is finished with powder coated paint.

Standard Color

Duotone finished in Platinum/Anthracite
