

## Charge and Relax

No matter our location, whether a weekend getaway or a spa day, our digital devices are always with us—keeping us connected to the world. Our only obstacle, battery life. TechGuard Charging Lockers provide users with an on-demand charging experience, while they continue to connect with everyday life. Providing guests with a secured charging solution, enhances guest satisfaction—keeping guests charged and connected.

## TechGuard™ Charging Locker

- 1-, 5- and 10-bays for locking storage and charging.
- Corporate branding and customization options available.
- Each bay offers one AC outlet for charging laptops, and two USB ports capable of providing up to 2.4 Amp for full-rate charging.
