The PowerSync Tray for iPad

Organize, charge, sync, and be ready to go.

Designed for iPad®, and compatible with iPhone and iPod touch, the Bretford PowerSync Tray for iPad neatly stores and charges up to 10 devices, keeping your technology tools organized, elegant, and ready to go when you are.

Organized Protection
Individual slots accommodate ten devices with or without cases and covers.

Charge all at once
Unique charging system provides full-rate 2.1amp DC charging power to all devices simultaneously.

Sync all at once
Connect via USB to your Mac and sync with iTunes. It's that easy.

Safe and Secure
Lockable steel construction helps keep your technology where you need it.

BRETFORD

Sync and charge 10 iPad devices at once.

Full-rate Charging for Each device

The new PowerSync Tray for iPad allows you to store, charge, sync, and secure up to 10 iPad devices at a time. Similar to our PowerSync Cart for iPad, the PowerSync Tray for iPad provides full 2.1A DC charging power to each iPad.

Get in Sync, Stay in Sync

But in addition, the PowerSync Tray for iPad also supports syncing your iPad devices with iTunes, allowing you to manage the apps, music, movies, books, and podcasts on each device. The PowerSync Tray for iPad also supports charging and syncing of other iOS devices such as iPhone and iPod touch.

The Hardtop Convertible

The PowerSync Tray for iPad ships fully assembled as shown, with the security lid in place. However, if you prefer, the security lid can be removed, providing even easier access to your devices.

10+ iPad Sync over USB

Daisy-chain up to three trays

Lockable Steel Construction

Made for iPad

Extend Your Reach

iTunes for Mac can easily sync with more than 10 iPads, so we designed the PowerSync Tray for iPad with two USB ports. One is for connecting to your host computer, while the other allows you to daisy chain up to three trays to your Mac for syncing with iTunes.
