PowerSync+ Station™ 20 for iPad and iPad mini

🟠 **App Enabled** *(where available)*

Introducing the new PowerSync+ Station™ 20, the world's first app-enabled charge and sync station for iPad devices.

The PowerSync+ Station™ 20 sets the new standard with ground breaking features that allow you to remotely check connected devices, freeing up time for you to focus on other tasks.

With the PowerSync+™ remote status app, you'll always know once your iOS devices are fully charged and ready to go. You can even be notified when devices are disconnected after hours.

But we didn't stop there.

The PowerSync+ Station™ 20 offers greater scalability, optimized charging and next generation security all while keeping true to the standards set by the PowerSync® family of products.

VERSATILE
Where space is limited, the PowerSync+ Station™ 20 can be stacked up to three units high or individually mounted on the wall.

DAISY CHAIN
PowerSync+ Station™ 20 offers an additional USB port to daisy chain up to three units; managing up to 60 devices from a single host Mac.

REMOTE STATUS
The PowerSync+ app for iPhone can notify you when devices are fully charged.

FULL-TIME, FULL-RATE CHARGE
Provides full-rate charging, up to 2.4 A, even while connected to your Mac.

NEXT GENERATION SECURITY
Beyond the all steel construction, the PowerSync+ Station™ 20 can alert you when devices are disconnected.

READY TO GO
With pre-installed Lightning cables, simply plug in the station and it's ready to go, right out of the box.

APPLE CONFIGURATOR INTEGRATION
Apple Configurator now displays the port numbers of your PowerSync+ Station™ 20 making it easier than ever to know which devices are ready to use.

Made for
📱 iPod 📱 iPhone 📱 iPad

BRETFORD®

The PowerSync+ Station™ 20 is optimized for iPad and iPad mini, but compatible with any iOS device with the Lightning connector.

The pocket door is recessed, keeping it out of the way when open, while minimizing the amount of space needed to operate it.

An integrated hook provides a space to hang the lock when not in use.

Newly designed cable management positions the cables at the front for easy access. Laser-cut numbers help keep your devices organized.

Technical Specs

- Model Number: HE406

- Station Dimensions (W x D x H): 28.7" x 15.0" x 14.7", 72.9 cm x 38.1 cm x 37.3 cm
