Shipping

Ships fully assembled, ready to install devices.

Certifications

Convenience

Newly designed cable management positions the cables at the front for easy access. Laser-cut numbers help keep your devices organized.

Added Features

An integrated hook provides a space to hang the lock when not in use.

Smart Design

Pocket door is recessed, keeping it out of the way when open, while minimizing the amount of space needed to operate it.

Versatile

Where space is limited, the PowerSync+ Station 20 can be stacked up to three units high or individually mounted on the wall.

App-Enabled

With the companion PowerSync+™ app, you'll always know when your iOS devices are fully charged.

Configurator Integration

Apple Configurator now displays the port numbers of your PowerSync+ Station 20 making it easier than ever to know which devices are ready to use.

Full-Rate Charging

Delivers 2.4A maximum charging rate, even while connected to your Mac.

Standard Color

Duotone finished in Anthracite/Aluminum

Safe

Designed with safety in mind to ensure safe operation, with the entire cart listed to UL 60950-1.

All-Steel Construction

Cart is constructed from prime steel, which contains 25 to 35 percent post-consumer recycled content and is finished with powder coated paint.

Pre-installed Cables

The pre-installed right-angled Lightning cables save you time. Simply plug in the cart and it's ready to go—right out of the box.
