

TechGuard® CHARGING LOCKERS

On-The-Go Charging.

A simple and safe store and charge solution for laptops, tablets, and mobile phones.

SECURE

Individually secured bays are equipped with an easy-to-use personalized 4-digit PIN keypad interface.

ADMINISTRATOR ACCESS

Access keycards provide locker administrators the ability to open the locker bay without resetting the secure PIN code.

SIZE MATTERS

The TechGuard Charging locker can accommodate almost any size space, with options for 1, 5 or 10 bay units.

BUILT TO LAST

Each unit is fully welded. Designed and built in the USA.

YOUR PRODUCT. YOUR IDENTITY.

Choose from one of our 16 colors and personalize by branding with your own logo.

ACCOMMODATING SPACE | Each bay is equipped with one AC outlet and two USB-A charging ports providing power for up to three devices per locker user.

INTUITIVE | Keypad LEDs allow users to quickly check locker availability from across the room. Green indicates bay is available. Red indicates which bays are in use.

ASSISTED LIGHTING | LED lighting inside each locker bay Improves visibility for easy device connecting.

CLEAR VIEW | Polycarbonate clear view windows help locker administrators to easily audit the contents of each bay.

OPTIONAL CABLE PACKS | Lightning or micro USB with included secure cable retention clip. Provides user a cable to avoid providing their own.

OPTIONAL JUMPSTARTER ACCESSORY KIT | Individual bays can be opened with the access and reset keycards in the event of a power outage.
