

CMJ500R1

Lightweight Adjustable Suspended Ceiling Plate

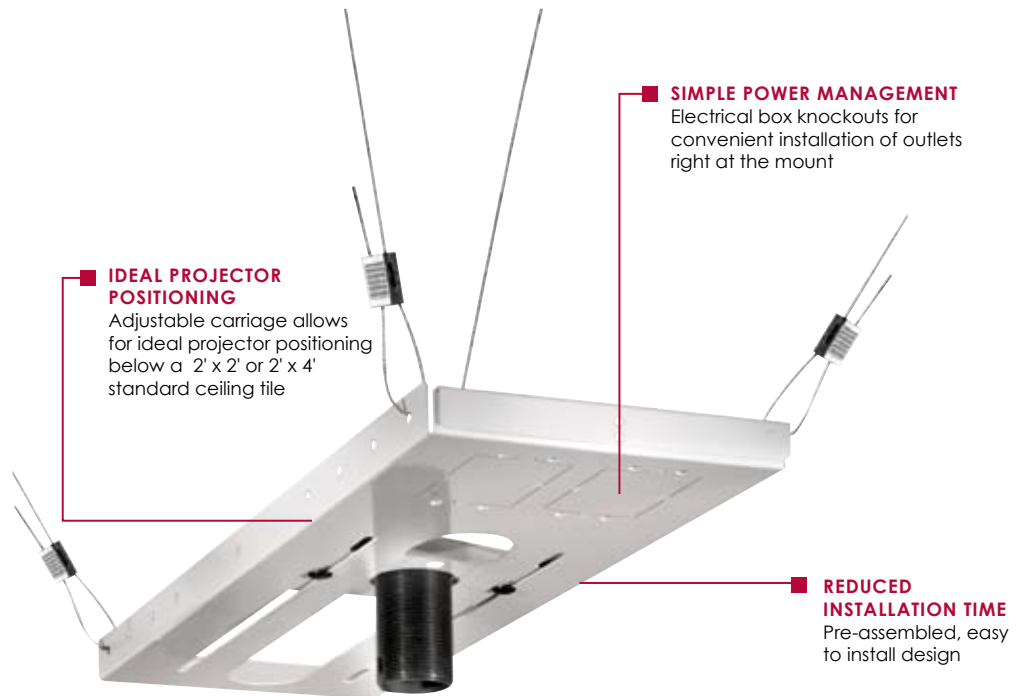

Compact and lightweight, the Peerless CMJ500R1 Adjustable Suspended Ceiling Plate allows for easy installation of a projector anywhere on the ceiling grid. This suspended projector mount installs above a 2'x2' or 2'x4' ceiling tile and offers variable positioning for achieving the perfect projector placement. Installing the Suspended Ceiling Plate above the ceiling tiles is simplified with the Kwik-loc™ self locking cable joiner, significantly reducing total installation time. The mount features two electrical outlet box knockouts that provide a convenient option for connecting power and signal cables. This Adjustable Suspended Ceiling Plate unit is pre-assembled to speed up installation and its straightforward adjustability enhances the ease of mounting virtually any projector.

Max load: 60lb (27kg)

FEATURES

- Adjustable carriage allows for ideal projector positioning below a 2' x 2' or 2' x 4' standard ceiling tile
- Pre-assembled, easy to install design reduces installation time
