More Details

Holds and charges up to 42 devices

Charges and transports up to 42 laptop and tablet devices simultaneously in three shelves with numbered device slots.

Intelligent Charging System

The intelligent charging system can start and stop the default cart charging duration at any time. Another alternative is to set up a charging schedule. An LED indicator displays charging statuses for each device.

Durable Cabinet Design

The durable cabinet is designed with two ventilated doors and a robust steel frame that is compact and light for easily mobility. Its surface is truly flat, made from rugged thermoplastic.

Optional Tablet Arm

An optional, space-saving tablet arm and holder is available. The tablet arm's dual-joint design allows for quick and easy adjustment. Accommodates tablets 9"-11".

Instructor Device Power & Charge

Two external USB ports provide instructors a convenient way to power & charge both their tablet and phone.

Versatile Configuration

Shelves can be easily pulled out, store, or removed to accommodate multiple charging & storage configurations.
