Using backup safety cables for Christie speakers and mounting brackets

When installing Christie Vive Audio speakers and speaker mounting brackets, use a backup safety system such as a prefabricated safety cable.

Use experienced certified professionals when installing mounting and rigging equipment. Improperly installed speakers can result in property damage, personal injury, death, or liability to the installer.

Warning! If not avoided, the following could result in death or serious injury.

- Always install all legally required safety straps or cables.

Follow the installation instructions provided in the appropriate speaker and bracket manuals and the safety warnings provided in the *Christie Vive Audio Product Safety Guide (P/N: 020-102209-XX)*. All documentation is available on the Christie website (www.christiedigital.com).

Affected products

The following speaker mounting brackets are affected:

- MM-015 (P/N: 111-680206-XX)
- MM-017 (P/N: 111-694201-XX)
- MM-024 (P/N: 111-681207-XX)
- MM-060 (P/N: 111-682208-XX)
- MM-120 (P/N: 111-693200-XX)
- MM-150-115-CM (P/N: 111-690207-XX)
- MM-3RDX-18 (P/N: 111-683209-XX)
- MM-3RDX-120 (P/N: 111-684200-XX)
- MP-500NPT-CP (P/N: 111-689205-XX)
- RK-4C (P/N: 111-685201-XX)
- RK-1C (P/N: 111-686202-XX)

Available safety cables

When choosing safety cables, always consult a qualified professional. The type of cable required is based on the speaker model, speaker mount, and installation specifications.

Do not use the backup safety cables as a primary suspension device.

The following cables are available to purchase from Christie:

- 18 in safety cable SC-018-BC (P/N: 003-006320-XX)
- 72 in safety cable SC-072-BC (P/N: 003-006321-XX)

If a different cable is required, contact an audio solution provider.
