

CHRISTIE LCD VIDEO WALL BUNDLE 110" 2X2

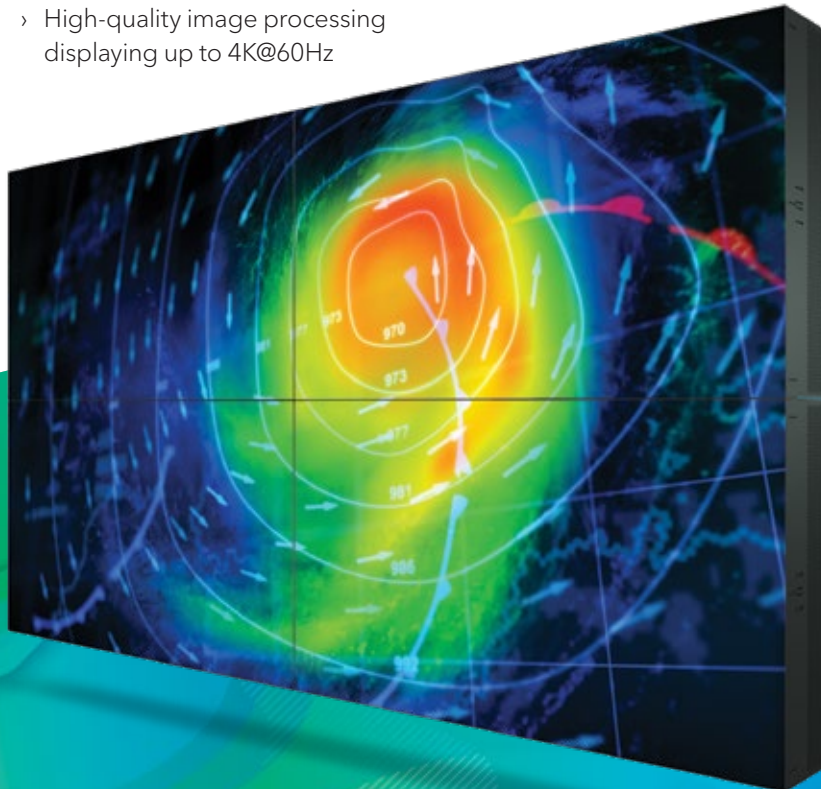

Create impressive, near-seamless 4K UHD video walls

Comprised of the Christie® Extreme Series high-performance LCD panels featuring a 1.7mm combined extreme narrow bezel width, this premium video wall bundle is the ideal solution for corporate, command and control, or digital signage applications. Included are four Extreme Series

panels, four wall mounts, trim kits and the cables you need to connect your display. All you need to do is add your source using existing inputs (HDMI™, DVI and DisplayPort™). If you require processing, remote power, or a content management tool we can add that to the bundle for a custom solution.

Key features and benefits

- › 1.7mm ENB - Gives you a complete picture without interruption
- › 4K UHD video wall - Twice the horizontal and vertical resolution of full HD
- › 110" (diagonal) viewing canvas
- › Advanced panel matching and built-in video wall scaling save installation time
- › Video wall trim kit for clean profile
- › Smart Light Control provides uniformity and consistency
- › Fast motion compensation to reduce tearing of video wall content
- › OPS slot accepts a variety of embedded processing modules
- › Edge-to-edge uniformity compensation for exceptional image quality
- › Capable of 24/7 operation
- › High-quality image processing displaying up to 4K@60Hz
- › Built-in processing capabilities to scale signals across full array (UHD)
- › Landscape video wall mount, quick alignment with no tools required, easy access for servicing

Technical specifications

Christie FHD553-XE

Christie FHD553-XE-H

Display technology	screen size (diagonal)	• 55"/139.7cm	
	native resolution	• 1920 x 1080 (16:9)	
	brightness	• 500 nits (cd/m2) typical	• 700 nits (cd/m2) typical
	contrast ratio (full field)	• 4000:1 typical	
Signal	inputs	• 2 x HDMI™ (Ver 1.4, HDCP) • DisplayPort™ (Ver 1.2, HDCP) • DVI-D • VGA	
	outputs	• DisplayPort (daisy chains DisplayPort, HDMI, and DVI inputs up to 16 panels from one source)	
Control	inputs	• RS-232 via D-Sub9 • RJ-45 LAN • Keypad • IR window • IR wire extender	
	outputs	• RJ-45 for control looping	
Power	type	• Onboard	
Physical	size (without handles)	• (WxHxD) 47.7 x 26.9 x 3.6" (1211.5 x 684.2 x 92.0mm)	
	weight (without handles)	• 56.9lbs (25.8kg)	
	size of 2x2 array with mount and trim kit	• (WxHxD) 95.4 x 53.8 x 7.5" (2423.2 x 1366.5 x 191mm)	

Bundle includes (4 of each):

Christie® Extreme Series panels with power cords. 4 trim kits (2 long and 2 short), shown on perimeter of display image on cover.

Also available from Christie

Processing and content management

- › **Christie Phoenix® EP** - A network distributed processor that installs directly into the OPS slot for managing content on video walls and distributed displays
- › **Christie Spyder X20** - Unmatched 20 megapixel video processing matrix switching and integrated source monitoring

Remote power

This bundle can also accommodate remote power option and would require:

- › Remote Power Supply Unit Shelf allowing for redundancy
- › Power Supply Unit Module (Rectifier) and line cord

Christie service and support:

By working with Christie, you'll benefit from our industry-leading expertise, service and strategic partnerships with distributors. Christie Extreme Series panels include a three-year parts and labor limited warranty.

Contact your Christie representative for a customized bundle.

^ Christie full-service video mount (MPL15 portrait/landscape)

^ DisplayPort male to DisplayPort cable

^ Ethernet 1.5m cable
