- TherMobile is available with and without the thermometer cutout

SIZING OPTIONS

TherMobile is available in one size.

OVERVIEW

As an essential business serving healthcare providers and government agencies during the current COVID-19 pandemic, the safety and wellbeing of our employees and customers is our highest priority. To contain the virus and keep people safe as they continue to work, we transformed our mobile product into a shield with a cutout to facilitate taking temperatures from a safe distance.

Not only does the shield provide an extra layer of protection during the screening process, but also that it can be wiped clean of all germs, thanks to the non-porous nature of glass.
