

SET-UP GUIDE

PanaCast[®] 2 Camera

Industry-First Panoramic-4k USB Plug-and-Play Video Camera

The PanaCast[®] 2 video camera is a Plug-and-Play device that uses USB ports on a Mac or PC to deliver a high-quality, 180° field of view, Panoramic-4K video stream, along with HD stereo microphone. PanaCast 2 produces a natural looking video stream by combining video streams from three imagers simultaneously to achieve an extended field of view without sacrificing resolution. This UVC compliant device requires no additional drivers or software to operate properly.

What's in the Box

PanaCast® 2
Camera

USB 3.0 Cable
(1m)

Power Adapter
Cable (1.5m)

Power
Adapter

Wall Mount
(optional)

Camera Stand
(optional)

Getting Started

Camera Set up

When placing an order for the PanaCast® 2 camera, choose either a camera stand or a wall mount.

Camera Stand

- 27.5 cm tall (fixed) and 7.2 cm wide at base
- Aluminum stand with 5° adjustable tilt at top
- Camera stands higher than a typical laptop screen for unrestricted view of participants

Camera Wall Mount

- Simple and compact for easy installation
- Screw holes for wall mounting
- Includes standard 1/4" – 20 camera mount screw

Camera Positioning

- Recommend position 4 – 6 feet above the ground
- Minimum 3 feet away from the nearest participant when using either the wall mount or camera stand
- Avoid facing bright lights (bright lit windows)*

Camera Assembly

Step 1: Attach camera head onto stem of stand

Step 2: Attach Stem into base of stand (tighten screw from bottom)

Connect PanaCast[®] 2 (Mac or PC)

Step 1: Plug Power Adapter Cable into camera head and Power Adapter

Step 2: Plug USB cable into camera head and USB 3.0 or 2.0 port of PC

Step 3: Push Power Adapter Cable and USB cable in slot at back of the stem

LED Indicators

The LED indicators represent the state of the camera.

- Blinking blue: Camera is initializing
- Solid blue: Camera in standby mode
- Solid white: Camera is streaming video

LED Indicators

Use PanaCast 2 with Collaboration Apps

Add panoramic video with an HD microphone to existing apps and services such as:

- Skype®
- Skype® for Business
- Cisco WebEx®
- Citrix® GoToMeeting®
- Zoom
- Blue Jeans
- Google® Hangouts™

[See User Guides](#)

Trouble shooting

The LED indicators on the camera are not lit even though the camera is attached to the PC.

Please make sure the power cable is connected to the camera and make sure the power brick is plugged into an AC source.

Make sure that the USB cable is connected at both ends (camera and PC).

I am unable to see my camera in my Collaboration app.

Make sure that the USB cable is connected at both ends (camera and PC).

My camera is not displaying any video.

Make sure you have selected your PanaCast camera in your Collaboration app video settings. For more information, refer to the [3rd party set-up guides](#).

Safety & Care

- Do not hold the camera head in your bare hand while in operation. Prolonged handling of the camera in operation can result in hazard
- Do not bring the PanaCast 2 camera in contact with liquids
