## Knives

Everyday carry meets the jobsite with our line of utility knives featuring streamlined designs and tool-free blade change for greater comfort and convenience on the job.

# CRESCENT

Tough gets the job done.  
Smart gets the job done right.

## Everyday carry meets the jobsite.

This program features tool-free blade change and in-handle storage, saving time on the job. Made with the user in mind, the EDC-inspired ergonomic design provides improved comfort, whether in hand or stored in pocket. This offering also includes specialty trade knives with full metal tangs for increased durability on the jobsite.

## Hybrid Folding Utility Knife

**Hybrid Design**  
First-to-market design combines comfort of an EDC knife with the versatility of a utility knife

**Ergonomic Handle**  
Designed for maximum grip and comfort for improved cut control

**Deep Pocket Carry**  
Sleek clip design for easy storage and retrieval, holds up to heavy use

**Smooth Action Opening**  
Ball-bearing flipper tab allows easy, one-handed blade deployment

**Tool-Free Blade Change**  
Slide button allows for quick, easy, no-hassle blade change

CTKHFEDC
