Digital Menu Board Mount with Height & Depth Adjustment

FOR 40" TO 48" DISPLAYS

Peerless-AV's QSR Menu Board Mount is designed to create a seamless mounting surface through connecting wall plates. Continuous and fixed tilt options allow all displays to be tilted at the same angle with ease, creating a flawless alignment. The QSR Menu Board Mount allows for tool-less height adjustment and four-corner depth adjustment to alleviate issues with wall imperfections and fine-tuning. The kickstand feature holds the bottom of the display away from the wall during cable connection, reducing installation time and cost. Available in landscape and portrait design options, Peerless-AV offers a one-to-one ordering process, making the QSR Menu Board Mount the perfect mounting solution.

The four-corner depth adjustment allows you to overcome wall imperfections so you can achieve the perfect QSR Menu Board.

Additional Features

- ✓ The quick connect latch automatically engages the wall plate for a speedy setup
- ✓ Simple one-to-one ordering process
- ✓ Open wall plate reduces wall interference
- ✓ Included security hardware deters tampering and theft
- ✓ Tool-less four corner depth adjustment aligns the displays on the same plane
- ✓ DS-MBZ642L – landscape configuration for 40"-42" displays with mounting hole patterns 880 x 400mm (34.65"W x 15.75"H)
- ✓ DS-MBZ647L – landscape configuration for 46"-48" displays with mounting hole patterns 975 x 400mm (38.40"W x 15.75"H)
- ✓ DS-MBZ647P – portrait configuration for 42"-48" displays with mounting hole patterns 550 x 400mm (21.65"W x 15.75"H)
