

UniLock Riser Cabinet for Docking Badge-Tap Solutions

Model #DS-UniLock-iPad-EL-CON

Item #15863

- Secure platform to control access and protect iPads™/tablets
- Badge tap authenticates and records access, just like an electronic door lock, releasing glide drawer so you can access iPads/tablets*
- Works with third party software, such as GroundControl's check-in-check-out feature for iOS devices
- Made of 16 gauge white, powder-coated steel; easy to clean
- Includes robust Southco electronic lock/latch (R4-EM-983-150) (a common standard)
- RFIDeas USB badge reader and Southco USB controller pre-installed; your access control vendor can integrate to Southco standard*. Our badge readers now support iClass SeoS badge types (a higher security level badge) and the reader is backward compatible with standard HID older card types as well.
- Equipped with mechanical key override
- Secures to desk or counter; optional mobile base
- Can be stacked two-high on desk or mobile base
- Weight: 28 pounds
- Dimensions: 16"W x 15.25"D x 15.75"H
- UniDock™ smart dock for eight iPads/tablets sold separately
- Proudly made in the USA°

**Integration with your existing access control software is required. Your existing vendor should be able to integrate to our electronic latch.*
