DELL™ PC SECURITY CABLE

Model# DS-6-SCK-D2-MX   Dell SKU# A1280622

Secures any Dell™ Optiplex™ CPU*, monitor, internal components, mouse and keyboard

Cable snaps into sleek, black shackle-less lock without using the key.

Special flat panel monitor anti-theft brackets slide easily into vent slots on back of monitor.

Steel cable trap captures and secures mouse and keyboard cables.

Security cable slides through security rings on back of CPU to secure any Dell™ computer and its internal components.*

Optional low profile rectangular glue-on fastener provides a very high level of security for your flat panel monitor.

Kit includes:

One 6 foot, 1/4" thick galvanized steel aircraft cable vinyl-coated to 5/16" total diameter, one-piece shackle-less lock, glue-on fasteners (one round & one rectangular), one cable & housing trap, monitor fastening brackets, industrial super-glue and prep kit.
