Secure Charging Cart
for Notebooks or Chromebooks

Rear door: inside view of cable mgmt.

Model # DS-UNIVAULT-36-PDC

- Secures and recharges up to 36 notebook PCs or Chromebooks (up to a 15" screen) on three shelves (12 per shelf), stored vertically

- Innovative and secure three-point locking system: simply *the most secure* cart of its type, *anywhere*

- Whisper quiet ventilation fan pre-installed

- Rear locking door with access only to the power strips and cabling; allows fast, easy, secure set-up

- Power supply bricks plug directly into IEC adapted outlets, this removes 108 feet of cord cabling making the installation/integration of the cart quicker and neater than any conventional cart (QUICK↓SET)

- Power distribution controller directs power to three zones, optimizing charging for available power (more sophisticated than a primitive timer)

- 36 UL-listed power outlets; four always-on auxiliary outlets configured for any block plug use; single exit cord; external lighted on/off switch

- Molded cord wrap brackets for safety and convenience

- ABS fire-rated plastic dividers; removable and adjustable in ¼" increments

- Padded handle for easy pushing

- Additional equipment can be placed on top

- Meets all applicable safety standards

- Four 5" medical grade wheels (4 swiveling; 4 locking)

- Color-coded keying for front and back compartments

- Unique ID card system for naming cart

- Weight: 171 pounds (empty)

- Dimensions: 24.5"W x 23.3"D x 45"H

- Proudly made in the USA
