

Media Director Lectern V2

Spectrum's Media Director is designed to simplify the use and equipping of integrated multi-media classrooms. We've designed the Media Director so that integrating one couldn't be easier. As with all of our lecterns the rack-rail is always accessible from the front and back. Quick-release doors and pass through grommets simplify the process even further. The Media Director is the perfect tool to professionally control your larger training environments with ease.

Custom-cut logo is an option that allows you to personalize your products. The Custom-cut logo option requires a one time program fee. After the logo is set up, there is a small up-charge per logo.

For additional product information, technical specifications, or pricing please call 1-800-235-1262 or email spectrum@spectrumfurniture.com for assistance.

Standard (S) features and benefits:

- **Designed for indoor use only!**
- The HD Lectern has four 4" heavy-duty swivel and locking casters, with a 1,200 pound total capacity and a steel skirt that hides the locking casters
- Locking doors on the front and back of the lectern. The lock catches at top and bottom. The instructor-side doors are clear acrylic and the doors on the student side are steel.
- Front and rear doors are equipped with quick-release hinges for easy loading of the racks
- Four 1 1/2" grommets are located on each end of the lectern, two per panel
- Perforated end panels for ventilated convection cooling
- The standard 22 3/4" length front and rear rack rails have thirteen 1 3/4" rack units each. Standard rack rail brackets allow the front and rear rack rails to be moved further inside the unit, if necessary, to accommodate larger knobs and plugs.
- Two 3" grommet holes are located at the rear and center of the base panel for cables to pass-through out of the bottom of the unit
- Meets or exceeds ANSI/BIFMA testing standards

Exclusive Media Director Lectern Options (O):

(O) Custom Cut Logo Panel 55261

Customer specified logo. See page 43 for other examples.

(O) Security Panel 55262

Perforated panel divides left and right side rack rail for security and better cord management.

(O) Adjustable Folding Shelf 23"W x 28"D 55263

Adjustable height shelf adds extra work surface and folds flat when not in use.

(O) Pull-Out Drawer 18 7/8"W x 16"D x 3 1/4"H 55264

The locking drawer is mounted on the left or right side and secures keyboards and laptops.

(O) Handle 55265

The handle can be mounted on left or right side, with or w/o Folding Shelf.

(O) Rack Rail Option 3RU - 5 1/4" 55266

Mounts on left or right side for quick, easy access to rack equipment.
