

60, 70, 80 and 90-inch Multi-Touch SHARP Displays

32 Point Multi-Touch

High Brightness (PNR Series)

24/7 Operation Performance

Thin LED Direct Light Design

Advanced Palm Rejection

Advanced Multi-Touch integration for the complete PNR Series and PNE802.

A complete family of Exhibit-sized multi-touch interactive systems that rival video wall dimensions.

Create dynamic landscape or portrait mode displays with 32 points of multi-touch interactivity. Advanced palm rejection delivers the highest level of touch experience.

Featuring 24/7 performance, the new LED direct light panel design spotlights your content with uniformity and amazing brilliance, and the 3 year on-site display warranty protects your investment.

The touch display is easy and fast to configure, requiring only one CPU to drive the entire display system. An optional PN-TPC2W7A computer fits snugly in a recess built into the display.
