

PARASYNC Security Enclosure (Model # DS-SYNC-LOCK)

The all-steel PARASYNC for iPod Security Enclosure bolts to a fixed surface and locks with a single key to safely protect a MacBook, PARASYNC, 20 iPod/iPhone devices and small accessories from theft while charging.

Images intended to demonstrate PARASYNC cross-platform compatibility. Must order PARASYNC to suit one device model.

SECURITY

- Steel enclosure bolts to a desk, counter, cabinet or security cart
- Entire system conveniently locks with a single key

CONVENIENCE

- Upper storage shelf safely stows a MacBook and its power supply
- A convenient pull-out lower glide drawer provides quick access to PARASYNC and iPod/iPhone devices
- Devices plug into a built-in internal two-outlet UL-approved power strip

AESTHETICS

- Rounded edges and neutral white finish with silver front is attractive and blends in nearly anywhere
