Dukane Camera 440 Digital Document

Great Data and Super Video
Images

The Dukane Camera 440 represents the first multimedia HD capable visual presenter. Equipped with a dedicated powerful processor, the 440 will thrill and amaze even the most sophisticated user with such features as a 1080p HDMI output for a large screen flat panel high definition display, audio and video processor for a full frame video recording to SD card, ultra sharp 3x optical zoom, unparalleled true SXGA output, new extended gooseneck, and a double lamp design to provide optimal lighting. Plus the output images and video quality are amazing! The Camera 440 is easily the most powerful visual presenter on the market today.
