

FOUNDATION™ Fieldbus devices available on (Rev A) System Cards and Resource CD

DDs Available for Download

Complete FOUNDATION Fieldbus DD Listing

Untested DD's listed are not loaded onto the System Cards at the Factory but are part of this Resource CD's "PC Database" and can also be downloaded from the internet.

To move the Untested DD's to a System Card of a unit, they must be manually added. See the Programming Utility Help (Manually Add/Remove DDs in a 475 Field Communicator) for further information.

Note: The Easy Upgrade feature is required to perform this procedure.
