

Voltage and Continuity Tester

LED indication of AC/DC Voltage to 480V in seven ranges

Features:

- Bright indicating LEDs at 12, 24, 120, 208, 240, 277 and 480V
- Audible and Visible continuity test up to 200k Ω
- Single pole live voltage detector
- Voltage function operates without batteries
- Automatic AC/DC indication plus DC polarity
- Meets IEC 1010, CAT III
- Complete with 39" (1m) cable with test lead and two 1.5V AAA batteries

Specifications	
Test Current:	<3.5mA
Frequency range:	DC to 65Hz
Single Pole Frequency range:	45 to 65Hz
Power:	two 1.5V AAA batteries
Dimensions:	8.3x1.6x0.9" (1210x40x22mm)
Weight:	4.6oz (130g)
