

# NEW Accessory Heads

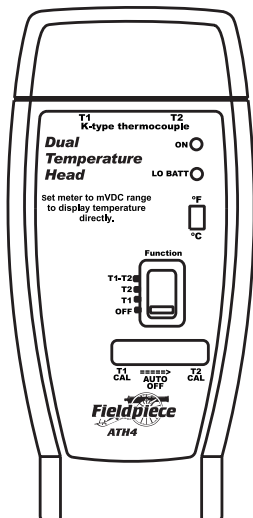

## Introducing 4 new Fieldpiece heads

All heads connect to any meter with a mVDC range through Fieldpiece deluxe leads. With both contact and non-contact temperature, all your temperature measurement needs are covered.

### ATH4

#### Dual Temperature Head

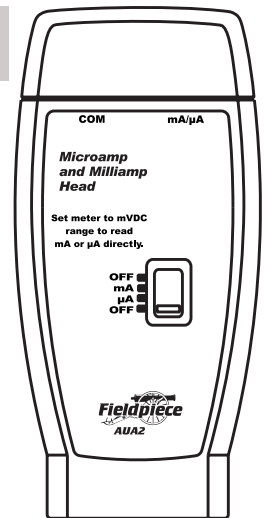

- Two K-type ATB1 thermocouples with wrap tabs included
- Auto-off
- °F and °C
- T1, T2, and T1-T2

### AUA2

#### Flame Rectifier Diode Test Head

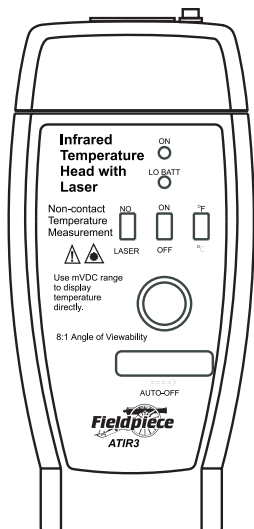

- Quick connect and mini-plug adapters
- Microamps
- Milliamps
- No battery needed
- Fuse protection

### ATIR3

#### Infrared Temperature Head

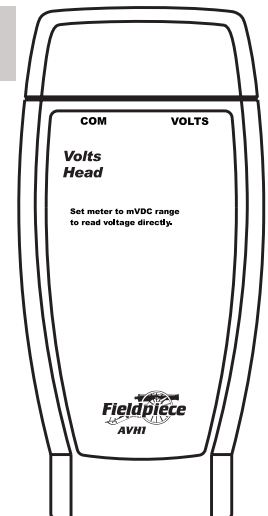

- Laser sight
- Range: 0°F-752°F
- Auto-off
- °F and °C

### AVH1

#### Voltage Head

- Measure volts with the EHDL1 and DL2.
- No battery needed
