

SC76

EXPANDABLE CLAMP METER

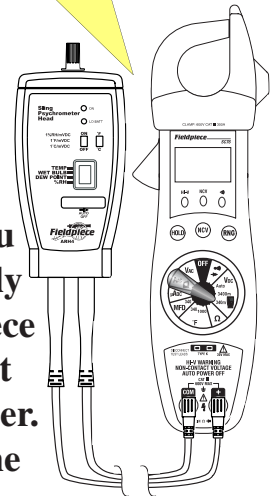

Great Features

-  Autoranging
-  Non-contact voltage
-  Temperature
-  Microamps
-  Capacitance
-  Resistance
-  Amps AC
-  Voltage
-  Auto-off

After listening to customer requests for an expandable clamp meter, we've decided to bring you a meter that not only connects to Fieldpiece accessory heads, but is also an auto-ranger.

Just disconnect the probe tips and plug directly to the bottom of your Fieldpiece accessory head.

SC76 INCLUDES

- SC76 Meter
- Pair of Test Leads
- Pair of Alligator Clips
- K-type Thermocouple
- ANC7 Bag
- One Year Warranty

TEST LEAD SOLUTIONS

- Convenient lead storage. Wrap leads as shown to keep wires out of the way.
- Probe storage in back. Just snap them in.
- Single test lead holder for easy and safe voltage testing.
- Silicone wire test leads remain flexible in cold weather, and wont melt like vinyl.
- Separable probe tips for expandability.
