

NEW Accessory Heads

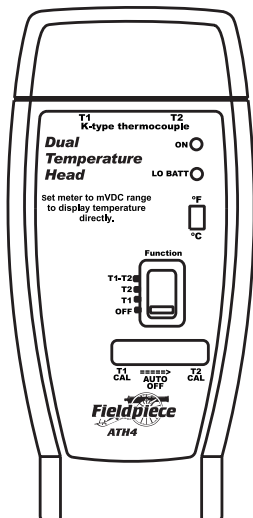

Introducing 4 new Fieldpiece heads

All heads connect to any meter with a mVDC range through Fieldpiece deluxe leads. With both contact and non-contact temperature, all your temperature measurement needs are covered.

ATH4

Dual Temperature Head

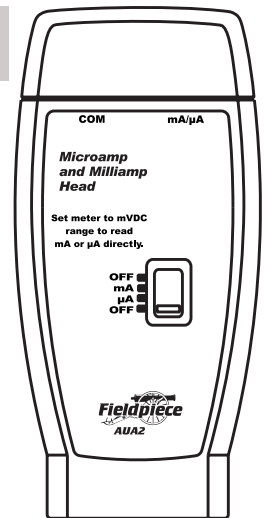

- Two K-type ATB1 thermocouples with wrap tabs included
- Auto-off
- °F and °C
- T1, T2, and T1-T2

AUA2

Flame Rectifier Diode Test Head

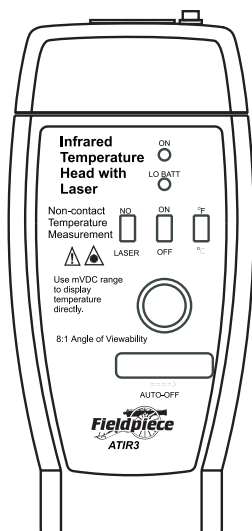

- Quick connect and mini-plug adapters
- Microamps
- Milliamps
- No battery needed
- Fuse protection

ATIR3

Infrared Temperature Head

- Laser sight
- Range: 0°F-752°F
- Auto-off
- °F and °C

AVH1

Voltage Head

- Measure volts with the EHDL1 and DL2.
- No battery needed
