

# New Product Announcement

## NEW RLD2 Leak Detector Flashlight

### Leak Detection Made Easy

The compact, easy-to-use, RLD2 UV flashlight uncovers refrigerant leaks instantly. Use the UV light to find the leakage area, then use the laser pointer to pinpoint the exact leak location. With 100,000 hours of LED flashlight life, and four operating modes, this versatile leak detector is a must-have for HVAC and A/C technicians.

- Six UV LEDs detect leak detection dyes
- Laser pointer clearly locates center of the UV field for accuracy
- Three LED flashlight with 100,000 hour LED life
- Lock feature holds on the flashlight beam
- Includes key chain carabiner for convenience

Who Uses It?	Where is it Used?
<ul style="list-style-type: none"> <li>▪ HVAC Technicians</li> <li>▪ Plant maintenance Technicians</li> <li>▪ Automotive Technicians</li> </ul>	<ul style="list-style-type: none"> <li>▪ Industrial plants</li> <li>▪ Commercial buildings</li> <li>▪ Automotive repair shops</li> </ul>

## Features:

- 4 Modes for all Flashlight and leak detecting needs
- Six bright UV/Blue LEDs highlight leak detection dyes so leaks are found quickly and easily.
- The laser pointer clearly locates the center of the UV/Blue field to pinpoint leak location.
- Bright 3 LED flashlight illuminates dark areas for safety and convenience.
- Easy locking, to hold Flashlight “on” for added conveyances
- Individual laser pointer, for easy targeting of hard to reach areas.
- Includes key chain carabiner
