Product Description:

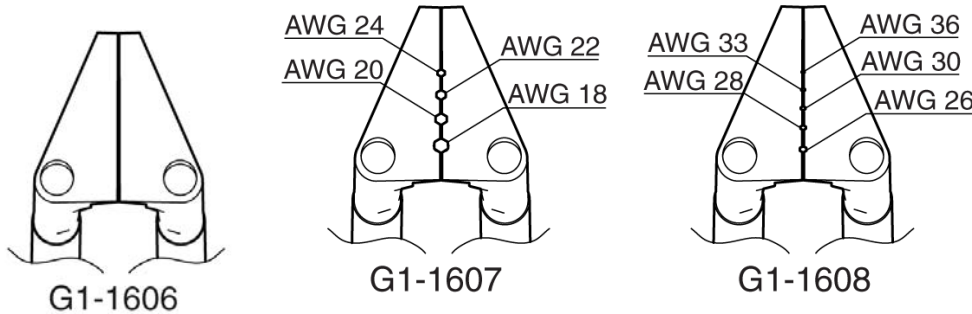

New Long G1 Series Blade Sets (Sample image shown)

Part No:

- G1-1606
- G1-1607
- G1-1608

Specification:

Drawings not to scale

Comments:

These new Hakko G1 Series Blade Sets have long blade edges for more stable stripping. Duplication of the 24AWG and 26AWG notches have been eliminated while positioning of the notches has been adjusted to improve thermal stripping performance. The extended toe of each blade set can also be used as a hot knife for trimming.
