 - Max. 4 #10 AWG

MAX.
4 #10's

Twister® PRO Wire Connector

Twister® PRO combines innovative SureGrip™ technology with a unique swept-wing connector design, resulting in the most comfortable wire connector ever. It's the perfect combination of comfort and performance that will make this the connector of choice for professional electricians.

- SureGrip™ overmolding provides better grip for improved leverage and more torque, especially on larger wire combinations
- The comfortable swept wings of the Twister® PRO were designed to help reduce hand fatigue
- Expanding square-wire spring provides a secure connection every time
- Better grip and more leverage for faster connections with less effort

Molded vertical grooves provide maximum grip

Exceptional red/yellow wire range and capacity
- Min. 2 #18 AWG
- Max. 4 #10 AWG

Patented swept-wing SureGrip™ design
