

PC120 Podium Camera

The High-Definition Multimedia Document Camera

PODIUM
DOCUMENT CAMERAS

The Lumens™ PC120 Podium Camera is a high-definition, multimedia document camera designed for the professional on the go. Whether moving from lecture hall to classroom or from office to conference room, the lightweight PC120 Podium Camera will provide superior image clarity and color reproduction while connected to a PC or Mac computer. The PC120 Podium Camera is capable of recording video with premium audio through the built-in microphone which means it can also be used for video conferencing and Skype sessions. The PC120 Podium Camera becomes the World's First Wireless document camera with the addition of the wireless Flyer accessory. It can be used to easily share the work of collaborative learning groups, instructor-led laboratory experiments, and team building exercise results.

Key Features:

- **Crystal Clear High-Definition Image Clarity**
- **25 Foot Range**
- **Superior Color Reproduction Quality**
- **Video / Audio Recording via USB to Computer**
- **Built-in Microphone**
- **Installs Itself with One Wire**
